# \$5,000.00 REWARD

Sean Sidi was last seen on May 21, 2013, in San Francisco, CA, at approximately 11:40AM. Sean is a "high risk" missing person and in need of immediate medical attention after suffering a severe traumatic brain injury (TBI). According to Dr. Manley, Chief of Neurosurgery at San Francisco General Hospital, Sean's medical condition puts him at significant risk of death, if he is not found soon.
